Chairman Jeff Seyfarth introduced the item to the Board.

Joey Ingle recused himself from this item.

Chris Harty from CEI addressed the BZA, stating that this request is to reduce the BSB from 10’ to 2’, on the east side of the building. He said this request is due to the finding of an unknown Sewer Force-Main, belonging to the city of Bentonville, but not noted in any records. He said an easement is being required, forcing the building to be moved further to the east. . .

City Planner Dianne Morrison Lloyd addressed the BZA, giving a brief overview of the request. She said this development is for a Jiffy Lube facility, adjacent to the Walmart Neighborhood Market. She said this is a part of the shared-access project going on currently. She said an unknown Force-Main was found during construction of the shared-access. She said it belongs to the city of Bentonville, but they were not aware of its existence. She said they would like to use the Force-Main, and are requiring an easement. She said this Variance Request is for the side setback, just up to the access-drive. She said the proposed Diamond Wash Car Wash is adjacent to the east. She said they are asking for a maximum 8' Variance, leaving a minimum of 2'. She said it will leave room for a narrow sidewalk to be installed.
